

Sativa Water System

NOTICE TO SATIVA WATER SYSTEM CUSTOMERS

Flushing Maintenance

Los Angeles County is conducting routine flushing of the Sativa Water System from March 1 through March 14, 2021. To minimize impact to customers, flushing is scheduled from 10 p.m. to 5 a.m. We do not expect this routine maintenance to cause any disruption to your water service. The water will remain safe to drink; however, you may experience temporary discoloration or sediments in your water during the flushing process. Residents will receive a reminder 48 hours in advance via door hangers to notify them when flushing is expected on their block. Lastly, residents may experience minimal traffic impact and parking restrictions.

For more information regarding this routine maintenance contact the Sativa office at **(310) 631-8176**, or visit: **www.sativawd.com**.
